Objective

Respected Hiring Manager, I am thrilled to apply for this position at your respected organization, eager to contribute my electrical engineering expertise to your innovative team! I began with an ITI in the Electrician trade, building strong practical and safety skills, followed by a Diploma in Electrical Engineering with first-class results. I have completed my B.Tech in Electrical & Electronics Engineering from a Madhya Pradesh State Government College (UIT Shivpuri, RGPV Bhopal) with First Division with Honours. Additionally, I completed an internship at BHEL, deepening my knowledge of power systems, electrical machines, and automation. These milestones have transformed me from a technician to an analytical engineer, fueling my passion for efficient, sustainable electrical solutions. I am confident in delivering value to your company. Thank you for considering my application. I look forward to discussing my fit. Sincerely, Yogesh Sharma Linkedin: https://www.linkedin.com/in/yogesh-s-4113b9182?utm_source=share_via&utm_content=profile&utm_medium=member_android
